SECOND—QUALITY. The reading matter is written by America's leading writers—the best and most interesting writers of the time.

THIRD—TIMELESSNESS. The reading matter in McClure's is not only good; it is not only interesting, and most interesting—it is also about the subjects in which you are most interested in. That is to say, the subjects in which you are most interested are those that are most important.

FOURTH—CHARACTER. McClure's Magazine is not edited for children, but at the same time, there is never a line in it that any young girl might not read. Its advertising pages are as clean as its editorial pages.

## BIRTHS.

GLENN—In this city, on December 16, to Mr. Moses R. Glenn and wife, a son—Martin Richardson (named after Col. A. D. Martin and Congressman Jas. M. Richardson).

Half the ills that man is heir to comes from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

### A NIGHT IN BOHEMIA,

At the Opera House Thursday evening, was one of the greatest entertainments ever given by local talent, and if you were not there you do not want to miss the second performance to-night. The audience was large and every person in the cast did their very best. Mr. John W. Milam, as the retired actor, could not have been excelled; Mr. Polk Lafoon's Dusty Rodes was all right; Mr. Steve Gibbs, as the Irish Policeman, was great, and Miss Lyda Hubbard, as Dolly Nobles, and Mr. W. W. Longmire, as Tommy Jiggs, were A1. The singing of Miss Edna Bridges, as Violet, accompanied by the male sextette—Messrs. Salem Kennedy, Ike Kennedy, Edgar Harris, Woodson Coleman, Richard McClure and Al Lillard—was sweet indeed, and the number one of the prettiest on the programme. The male quartette, composed of Messrs. Salem and Ike Kennedy, Harris and Coleman, caught the audience every time they appeared, and they never tired of their music. The Teddy Girls marched beautifully and the little Cake Walkers were just too sweet, while the closing scene of the first act, in which the confetti was thrown, was one of the prettiest tableaux ever seen upon any stage. Messrs. J. Mac Vanderveer and Ben Keenon charmed their hearers, as usual, with their songs and the chorus was first class.

The Roundabout's representative—Miss Leota Black—was late in coming on, but she got there with both feet—one on top of the other—and so well did she represent Sis Hopkins, the crackler girl from the mountains, that those who did not know her supposed she was a professional who accompanied Mr. Getz to fill the part.

It was a great show, and so well pleased were many of the audience that they are going back to see it to-night.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thom, as Electric Oil relieves the pain instantly. Never safe without it.

**THE MAID AND THE MUMMY.**  
Great New York Musical Success  
Comes to Capital Theatre  
Next Week.

Theatregoers who see "The Maid and the Mummy" at the time of its presentation here next week have a decided treat in store. The music is by Robert Hood Bowers and he has written some of the prettiest airs that have been heard in many a long day. They are of the jingly order, that makes everybody want to whistle and sing them. One of the big song hits is "Oh, Gee, It's Great To Be Crazy." Stanley Murphy, sings this song in the first act (and enacts the role of a would-be Scotch detective), with the assistance of a bevy of lively girls, and nightly receives six to ten encores. The words of the first verse and chorus are:

"I've had hallucinations and uneasy dreams at night. And when I oft relate them everybody runs in fright, they think that I am crazy, that my head is full of wheels, But ev'ry one would envy me if he knew how good it feels. I've seen a jet black raven raw, I've seen a broker broke, I've seen a wooden shaving shave and heard an art-i-choke, I've seen a little chip-munk chip and seen a leper leap, I've often seen a pillow slip and heard a chimney sweep. Oh, Gee, it's great to be crazy, crazy, crazy as a loon, Ev'ry fellow's unhappy but the lucky devil who's off his nut. If you could only realize how foolish it is to be wise, Ev'ry one of you would like to be crazy!"

"The Maid and the Mummy" comes to Capital Theatre Thursday, January 4, 1906.

When Richard Carle wrote his most successful stage creation, "The Maid and the Mummy," he sought to combine all the good points of musical and farcical comedy, light and comic opera, burlesque and extravaganza in this one production. He succeeded so well that "The Maid and the Mummy" was heralded as one of the few great big successes of the last New York theatrical season. The comedy is pure and original, the songs catchy and the dances surprisingly difficult. This merry musical mélange comes to Capital Theatre January 4, 1906, with practically the same cast as that which carried it in success at the New York Theatre last fall.

### "DO IT TO-DAY."

The time-worn injunction, "Never put off till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cold or democratic cold which you have been struggling with for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if it does not stop you from working your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

It is sold in all civilized countries, and has been famous as a consumption cure, for almost half a century.

It is no secret, that for Cuts, Burns, Ulcers, Fever, Sores, Sore Eyes, etc., etc., Dr. C. G. Green's German Syrup is so effective as Hutton's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at all druggists.

### THE CHRISTMAS TIDE.

Christmas, with its joys and sor-  
rows, has come and faded into the  
past.

Owing to the abounding prosperity  
of this people, they have opened  
their hearts and purses this year to  
an extent never before known in  
the history of this section of the  
country.

Notwithstanding the inclement  
weather of the greater part of the  
week before Christmas, the stores  
of our merchants were crowded,  
from early morning until late at  
night, with those who were pur-  
chasing their Santa Claus supplies.  
There is not one of our merchants,  
so far as we could learn, who has  
not said "It was the best Christ-  
mas trade we ever enjoyed."

Now then, after all the feasting  
and gift giving are past, let us learn  
to love one another better, to be  
more charitable for our mutual  
faults; and, while some of our  
hearts are sad when we missed  
those whose dear faces we shall  
never see again, yet we can thank  
God and take courage for the  
future, knowing that "our times  
are in His hands," who doeth all  
things well.

### FEDERAL OFFICERS TO IN- VESTIGATE.

Upon complaint made by Senator  
J. C. S. Blackburn that his mail  
had been sent to the Governor's  
office, in this city, and there tam-  
pered with, a Postoffice Inspector  
has been sent here to investigate  
and make report of the facts.

### FIRE IN JEFFERSON COUNTY COURTHOUSE.

Fire raged for two hours under  
the roof of the Jefferson county  
courthouse, on Wednesday after-  
noon, inflicting a loss of about \$30,-  
000, with no insurance. The records  
were saved without damage.

It is supposed that the fire was  
caused by electric wires among the  
dry timbers under the iron roof.

## Consumption

¶ There is no specific for  
consumption. Fresh air, ex-  
ercise, nourishing food and  
Scott's Emulsion will come  
pretty near curing it, if there  
is anything to build on. Mil-  
lions of people throughout the  
world are living and in good  
health on one lung.

¶ From time immemorial the  
doctors prescribed cod liver  
oil for consumption. Of  
course the patient could not  
take it in its old form, hence  
it did very little good. They  
can take

## SCOTT'S EMULSION

and tolerate it for a long  
time. There is no oil, not  
excepting butter, so easily  
digested and absorbed by the  
system as cod liver oil in the  
form of Scott's Emulsion,  
and that is the reason it is so  
helpful in consumption where  
its use must be continuous.

## Worry

Almost Unnerved Me  
—Heart Pains.

Short of Breath,  
Faint and Languid.

Dr. Miles' Heart Cure and  
Nervine Cured Me.

"It has been five years since I was cured of  
heart trouble by your Heart Cure and Nervine,  
and I am just as sound as a dollar in  
that organ today. For several years I had  
been troubled with heart trouble. It had  
become short and difficult at times,  
sharp pains about the heart, sometimes  
accompanied with a fluttering, would make  
me faint and languid. The least exertion  
I felt that the trouble was growing  
worse and worse, and to cure it, I  
consulted with a physician without  
obtaining relief, I was induced to give your  
remedies a trial. I was relieved the second  
time I took them. I have had three or four  
attacks of heart trouble removed and have never  
shown signs of returning." —Rev. Gao. W.  
KIRACOETE, Chincoteague, Va.

Dr. Miles' Heart Cure is a specific  
for heart trouble, which so closely resembles those of more  
common nervous disorders as to frequently mis-  
lead the attending physician. Often in cases  
of palpitation, heart trouble, kidney trouble or  
lungs become affected. Again the symptoms  
may be those of weakened nerves, as tired  
feeling, sleeplessness, timidity, the patient  
will easily complain of heart trouble, which is  
the cause. If you have the least suspicion that  
your heart is weak study your symptoms and  
begin the use of Dr. Miles' Heart Cure, the  
heart and heart blood tonic, without a day's  
delay.

### CAUCUSES CALLED.

Chairman McQuown has called  
the caucuses of the Democratic  
members of the Legislature to  
select the officers of the two bodies.  
The House caucus will meet on  
Monday night in the Representa-  
tive Chamber and the Senate in the  
Senate Chamber.

### COURTS TO MEET MONDAY.

There will be courts galore in this  
city next week. On Monday the  
circuit and county courts will meet.

On Tuesday the Court of Appeals  
will reconvene.

As Monday is a legal holiday no  
business will be transacted in  
either court then in session.

### SATURDAY'S MURDER.

On Saturday night, in a saloon  
(as usual) a young colored man by  
the name of John Tobin Ellis (son  
of the well-known colored nurse,  
Cash Ellis) shot and killed another  
colored man by the name of Saefell  
Brown.

It seems that Ellis was "out for  
horse," and attempted to shoot  
another man, just before, but the  
man was too quick for him and  
disarmed him.

Latter Ellis came into the crowded  
saloon and raised a row with  
Brown, when Ellis pulled his gun  
and fired three shots at Brown, two  
taking effect, killing Brown in-  
stantly.

Ellis was arrested and held over  
to the grand jury, which meets on  
Monday next, without bail.

Another victim to whisky.

### STATE FANCERS AND BREEDERS ASSO- CIATION.

After our paper had gone to press,  
last week it was found that it would  
be impossible for the owners of the  
splendid lot of fowls in the exhibi-  
tion to have them shipped home Saturday,  
on account of the Christmas  
congestion at the Express office, so  
it was determined to continue the  
exhibition until Saturday night,  
in order to afford those who had not  
attended an opportunity to see the  
display.

This was a wise measure, as the  
inclement weather had prevented  
a great many from attending.

We again take occasion to con-  
gratulate the management upon the  
grand success they made of the ex-  
hibit.

We trust they can see their way  
clear to have such an exhibition  
every year. It certainly was an  
educator as to the raising of fine  
poultry.

We regret to learn that it was not  
financially a success. It certainly  
was in every other way, and this  
being the initial exhibit, it would  
have been an unusual thing if it  
had been a success in that way.

### "FOSTER DAY."

It has been proposed to signalize  
the "Home Coming of Kentuckians,"  
which will be held in Louis-  
ville, on Monday, June 14, 1906, by  
unveiling a bronze statue of Ste-  
phen Foster, the author of that im-  
mortal song, "My Old Kentucky  
Home." In order to forward bat-  
tles and impress it upon the teach-  
ers and scholars of the State, State  
Superintendent of Public Instruc-  
tion, Prof. J. H. Fuqua, has sent  
out the following circular letter:

Many of us feeling that it is emi-  
nently becoming that this statue  
be paid for by the school children  
of Kentucky, as a memento of their  
affection for the author and his  
work, have joined in the movement  
to have it erected in the new capi-  
tol in the new city. The statue is to be placed  
in the new capitol when completed.  
A contribution of seventy-five cents  
from each school in the State will  
be sufficient. Will you not ask  
your school to contribute the sum  
to the pupils, and ask for a con-  
tribution to the same? Let them send the amounts contributed to me  
and you send them to Joshua D. Powers, Louisville, Ky. Hoping  
this enterprise will take deep interest in  
this enterprise. I am,

Yours very truly,

JAMES H. FUQUA.

### SALE OF REAL ESTATE.

Mrs. W. J. Hughes has sold to  
the Ford & Johnson Co. (formerly  
Frankfort Chair Co.), her house  
and lot on the corner of Clinton  
and High streets, for \$4,000. The  
company will build a big ware-  
house on the lots recently pur-  
chased, which comprise all the  
ground between the railroad yards  
and Clinton street.

### DYING OF FAMINE

Is in its torments, like dying of  
consumption. The progress of con-  
sumption, from the beginning to  
the very end, is a long torture, both  
to victim and friends. "When I  
had consumption in its first stage,"  
wrote Mrs. Myers, of Cynthiana,  
Mo., "after trying different medi-  
cines and a good doctor, in vain. I  
at last took Dr. King's New Discovery,  
which quickly and perfectly cured me." Prompt relief and sure  
cure followed. "I took a bottle of  
Kodol Dyspepsia, a positive prevent  
pneumonia. Guaranteed at all drug  
stores, price 50¢ and \$1.00 a bottle.  
Trial bottle free.

### SALE OF STOCK, FARMING UTENSILS, &c.

and lives upon the old Len Cox  
place, on the Steadmantown pike,

furniture, etc., at public sale on  
Tuesday, January 4, 1906. A lot  
of very desirable property will be  
sold. Dec. 16-td\*.

### GIVE YOUR STOMACH REST.

Nothing will cure indigestion  
that doesn't digest the food, itself,  
and give the stomach rest. You  
can't expect that a weak stomach  
will regain its strength and gen-  
eral health until it has had the  
full work that a sound stomach should do.  
You wouldn't expect a sick  
horse to get well when it is com-  
pelled to do a full day's work every  
day of the week. Kodol Dyspepsia  
is a perfect digestant and  
digests the food regardless of the  
condition of your stomach. Relieves  
Indigestion, Belching, Sour  
Stomach, and all stomach disorders.  
Sold by J. W. Gayle.

### "DO IT TO-DAY."

The time worn injunction  
"Never put off till tomorrow what  
you can do to-day," is not gen-  
erally presented in this form: "Do  
it to-day!" That is the terse ad-  
vice we want to give you about that  
hacking cough or demoralizing cold  
with which you have been strug-  
gling for weeks, or perhaps  
weeks. Take some reliable remedy  
for it to-day—and let that remedy  
be Dr. Boschee's German Syrup,  
which has been in use for over  
thirty-five years. A few doses  
of it, administered after the  
cough or cold, and its continued  
use for a few days will cure you  
completely. No matter how deep-  
seated your cough, even if dread  
consumption has attacked your  
lungs. German Syrup will surely  
effect a cure—as it has done before  
in thousands of apparently hopeless  
cases of lung trouble. New trial  
bottles, 25¢; regular size, 75¢. At  
all drugstores. 1yr.

### THE SEASON OF INDIGE- STION.

The season of indigestion is upon  
us. Kodol Dyspepsia Cure for all  
digestion and Dyspepsia will do  
everything for the stomach that an  
overloaded or overworked stomach  
can not do for itself. Kodol Digests  
the food thoroughly and the body  
rest—relieves our stomach, belch-  
ing, heartburn, Indigestion, etc.  
Sold by J. W. Gayle.

In Electro Bitters however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. ### Eminent Doctors Praise Its Ingredients.

We refer to that soon to break nervous suffering woman known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of the *Eclectic Medical Review* says of Dr. Pierce's Favorite Prescription: "It is one of the chief ingredients of the "Favorit Prescription":

"A root which invariably acts a uterine invigorant, and is of normal activity of the entire reproductive system."

"A root which more fully answers the above purposes than any other drug with which I am familiar. It is peculiar in that it is peculiar to women it is seldom a case is found in which it does not present some symptoms which are not common to other roots."

Dr. Fyfe further says: "The following are among the leading symptoms of the disease: pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs; the presence of worms; and chronic diseases of the reproductive organs, such as: the kidneys; menorrhagia (flooding), due to a weak anæstomosis (suppressed or absent monthly periods), arising from an accompanying anæstomosis (suppressed or absent monthly periods); and anæstomosis (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, Dr. Pierce's Favorite Prescription is one of the leading ingredients which is Unicorn root, Helonias, and other roots, the properties of which it most faithfully represents.

Of Golden seal root, another prominent ingredient of "Favorit Prescription," Prof. Finley Ellingwood, M. D., of Bengal, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions of the womb, it is a valuable remedy."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects the system there is no question in my mind which is such general unanimity of opinion. It is an important remedy in the tonic use in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"It is an important remedy in disorders of the womb. In all catarrhal conditions of the womb, it is a valuable remedy."

A list of splendid royalty plays will be offered the patrons of the Capital Theatre next week, beginning with a special New Year's matinee, by the popular DeWitt Stock Company, who will be pleasantly remembered as having visited this city last season. Funny Tom DePew, everybody's favorite comedian, and Will T. Burdette, an actor who has made an enviable record in leading juvenile roles, have surrounded themselves with a strong company, and a week of thoroughly agreeable entertainment is promised. Monday evening the offering will be the sensational and absorbingly interesting comedy melodrama of life in the great metropolis, "The Silver Dagger," which has met with unqualified success in the large cities. The exclusive right to present this powerful play in Southern territory

has been secured by the DeWitt Stock Company, and it is now for the first time to be seen at 10, 20 and 30 cent prices. There are four acts and from first to last there are stirring situations, rich dramatic incidents, pure humor and surprising climaxes. The plot is a novel, yet plausible one, and the characters move and act like real human beings. When a thing is said or done there is a reason for it, and there is no necessity to bore the auditor with baseless explanations. Added lustre will be lent to this powerful production by the introduction of unusually good specialties. Ladies will be admitted free to witness "The Silver Dagger," subject to the usual conditions number, however, limited to 200.

Special New Year's matinee "A Woman's Sacrifice."

### NEW L. & N. DEPOT IS A GO.

At last definite steps have been taken with regard to the building of a new L. & N. station in this city.

The railroad has determined to place the amount of the two awards made by the juries in the cases against the Sullivan and Tobin heirs in the hands of the proper officers of court and ask that the necessary deeds be made by the court's commissioners.

The total amount is \$25,750, and is considered a full satisfaction for all claims of the owners.

Work will begin on the property now owned by the company and the other buildings will be left until spring, when the tenants will be called upon to vacate.

#### EDUCATIONAL

Contributed by the Educational Improvement Commission of Kentucky.

#### THE FIGHT.

The officers and members of the Executive Committee of the Educational Improvement Commission of Kentucky held an important meeting at the Capital Hotel in Frankfort Saturday, December 18th. The meeting lasted all day, and a definite plan of campaign was determined upon.

Among other things which form part of the plans of the Commission, is an effort to determine as far as possible the will of the leading citizens of the State in regard to the State Normal School proposition. To this end the Commission has mailed out 8,000 blank petitions to the 8,000 white school teachers asking that the people be interviewed. Over 7,000 of the 8,000 teachers have already placed themselves on record many times here-tofore in the matter.

The attitude of the press is especially gratifying. Out of a lengthy list of editorials last week there was only one that was not heartily in favor of State Normals.

There was an article in a county paper last week by one who signed his name "An Ex-Teacher" that gave vent to the following thought. He said: "Give a prospective teacher a thorough training in all up-to-date State Normal School and then send him out to teach in the average country district and he will become disgusted with conditions, environments, and salary, and abandon the work at the end of the first six months experience."

Here is where the "Ex-Teacher" is clearly in error. The trained teacher knows how to do "common things uncommonly well," and hence his work is a constant delight and fascination. He knows when conditions are wrong, and he has the knowledge, training and heart-power to set to work and right them. It is one of the great functions of education to make the poor discontented with their poverty and to fit them with a zeal and determination to better their lot in life. It is possibly the greatest function of a State Normal School to give such training to its student teachers, and to fill them to overflowing with an inspiration that will enable them to meet the adverse conditions in the country and transform them. It was State Supt. O. B. Martin, of South Carolina, who said: "One intelligent, live and enthusiastic teacher can revolutionize a whole township, and build a monument that will endure as long as appreciative hearts and growing minds endure." Such a teacher will make conditions; he will create environment; he will command a salary. In the wake of his intelligent efforts will follow good schoolhouses, splendid equipment, beautiful school grounds, local taxation, longer terms, larger salaries, and a more healthful public sentiment in favor of better education and a higher citizenship. Such a teacher will practically solve the problem of compulsory education. He will draw the children to him, and secure the co-operation of the patrons.

Again this "Ex-Teacher" seems to infer that the child in the country district is not entitled to a thoroughly trained teacher. Why not? There is no reason why man should not supply there, in the heart of nature, schools that shall offer as good educational facilities as are to be found in town or city. With such schools, the country would be an ideal place for the education of men and women. Without such schools, it is but a question of time when the best blood of the country will move to the towns and cities and leave in our rural districts only the poorest peasant population, too ignorant to know the value and the blessing of an education, and too indifferent to care to secure it for their offspring.

Now is the time for all thoughtful people to meditate solemnly and earnestly. The Legislature will be in session this winter. Are you content to know that Kentucky drags behind all the other States and Territories in this matter? Are you willing to longer deny to the country boys and girls the privilege of a trained teacher? Are you satisfied to know that hundreds of thousands of good, honest country

folks are unfavorably inclined toward education for the simple reason that they have never had a trained leader, but in place thereof, have generally had unskilled teachers and miserably poor schools? Do you not believe it is a part of patriotism to change these conditions? If you do, then it is your duty to be up and doing. Write to your Senator and your Representative, and tell them of your convictions. They will gladly give your opinion consideration. This is a government "of the people, for the people, and by the people." Then the people should express themselves to the law makers.

#### THE EAST KENTUCKY HILLS.

As Recomposed and Sung by Lawyer Hawkins, of Praise, Ky.

Oh, the East Kentucky hills! How majestic and how grand, With their summits bathed in glory, Like our Prince Immanuel's Land! Is it any wonder then, that my heart with rapture thrills, As I stand once more with loved ones!

On these East Kentucky hills?

Chorus.

Oh the hills, beautiful hills, How I love those East Kentucky hills; If o'er sea or land I roam! Still I think of happy home! And the friends among those East Kentucky hills!

On the East Kentucky hills! Where my childhood hours were passed;

Where I often wandered lonely, And the future tried to cast; Many are our visions bright, Which the future ne'er fulfills;

But how sunny were my daydreams, On those East Kentucky hills!

On the East Kentucky hills! How unchanged they seemed to stand,

With their summits pointed skyward,

To the Great Almighty's Land! Many changes I can see,

Which my heart with sadness fills, But no changes can be noticed,

In those East Kentucky hills!

On the East Kentucky hills! I must bid you now adieu; In my home beyond the mountains, I shall ever dream of you;

In the evening time of life, If my father only wills, I shall still behold the visions, Of those East Kentucky hills!

Resolutions in memory of Mr. C. A. Nelson, Lieutenant Commander of the State of Kentucky and Record Keeper of Capital Tent, No. 28, K. O. T. M., Frankfort, Ky.:

Whereas, It has pleased our Heavenly Father to take from us to the beauties of another world, our State's Lieutenant Commander and our Tent's Record Keeper, Brother C. A. Nelson.

Therefore, be it resolved by Capital Tent, No. 28, K. O. T. M., Frankfort, Ky.

First—That we extend to the family our heartfelt sympathy in their distress for the loss of their loved one, who has been always a friend and guide to those in need of our sympathy.

Second—That this Tent has suffered a loss from which it can not easily recover, as Brother Nelson has been a member who has always remembered the pledge he made to his father, Mattathias, always assisting him in his efforts as an officer of this Tent, whom he has served so faithfully as its Record Keeper for years.

Third—Our State has lost its first and faithful Lieutenant Commander, for which he has labored so earnestly.

Fourth—That we spread a copy of these resolutions on the records of our Tent, that an engrossed copy be sent to the family and that we request the local papers and the Boys' Hive to publish same.

Fifth—That we draw on our charter in black for sixty days.

J. W. READING, P. D. ARNOLD, J. W. MATTHEWS.

#### CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdone. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and to the use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights, the greatest affliction to a coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to Europe, you will find that most of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottle—25c; regular size, 75c. At all drug-gists.
